Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Its just another charge, fee, or Tax, Whatever you want to call it... When does is STOP... Who is the FCC trying to prodict in this move "Enron" ??? Who ??? I don't think that this new proposed charge is necessary, and I don't feel that it's fair... There is no reprsentation for this new proposed fee... I would like this put to a vote by those who use the these sevices, Like Me... Put it to a vote !!! As it stands now my vote is NO !!!! NO !!!! NO!!!!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

R.Rigby
